P&W Service Center
1748 Independence Blvd, B-6
Sarasota, FL 34234
800-822-2180
941-360-2207 Fax

Dear Customer:

In order to be compliant with the Federal Communications Commission rules regarding unlicensed frequencies we now require this form to be completed. It is **YOUR** responsibility to provide P&W with the documentation allowing use of specific frequencies prior to being programmed. That means **YOU MUST HAVE A VALID LICENSE IN YOUR POSSESSION** for the frequencies listed below or have written permission from the licensed holder. We may, at our sole right, refuse to program any radio we feel does not comply with the FCC rules.

	CHANNEL	RX FREQ	RX PL	TX FREQ	TX PL	A TONE	B TONE
SCAN CHANNELS							
PRIORITY SCAN							

I hereby state that the requested frequencies (above) to be programmed into this radio will not cause interference to licensed stations in the area and are covered by either a common letter of usage or current FCC license. This disclaimer releases P&W Service Center from any licensing disputes that may arise from the use of the radio(s) including FCC actions regarding illegal or unlicensed operations. The signer accepts responsibility and liability for all expenses incurred by P&W brought by the FCC or any other entity regarding the illegal use of these frequencies.
